

Toolroom organizer for all types of CNC holders from Uratech

Uratech is proud to offer the **Toolroom Organizer**, an essential storage unit designed specifically for toolrooms. This organizer provides a secure and efficient way to store up to **10 CNC holders**, making it an ideal solution for maintaining organization and protecting valuable tooling in CNC workshops.

Compatible with a wide range of CNC holder types, including **CAT, BT, HSK, DV, NMTB, ISO, VDI, KM, and Capto**, the Toolroom Organizer is engineered to meet the high standards of industrial environments. With its robust design, lockable drawers, and additional storage options, it is the ultimate tool storage solution for professionals.

Key Features of the [Toolroom Organizer](#)

1. Capacity for 10 CNC Holders

o The Toolroom Organizer is designed to store **up to 10 CNC holders**, offering ample space to keep your tools organized and accessible. Its compatibility with multiple holder types ensures it meets the diverse needs of modern CNC operations.

2. Built for Industrial Strength

o Engineered to handle the demands of toolrooms, the organizer can withstand a **weight capacity of up to 4000 lbs**. This robust design ensures stability and durability, even in high-demand environments.

3. Peg Boards for Enhanced Organization

o Equipped with **peg boards on the back and sides**, the organizer allows for additional storage and easy access to tools, accessories, and consumables. This feature helps implement 5S practices, keeping your workspace neat and efficient.

4. Lockable Drawers for Security

o The organizer includes **three lockable drawers**, offering secure storage for tooling consumables and valuable items. These drawers are designed to provide peace of mind and prevent unauthorized access.

5. Protective Red Nylon Inserts

o CNC holders are securely stored with **durable red nylon inserts** that protect them from damage during storage and movement across the shop floor.

6. Bottom Tray for Extra Storage

o A **bottom tray** provides additional storage for consumables, ensuring all your essentials are within reach and well-organized.

7. Durable Construction with Reinforced Design

o Made from **16-gauge cold-rolled, powder-coated steel**, the organizer is built for long-term use. Reinforced with **1/8" x 1.50" L angles** on all four sides, it offers exceptional strength and rigidity.

8. Smooth Rolling Castors for Mobility

o The organizer is equipped with **smooth rolling industrial-grade castors**, making it easy to move across hard industrial floors without compromising stability.

9. Ready-to-Use Assembly

o Delivered **fully assembled and ready to use**, the organizer is crated on a pallet to avoid shipping damage. This ensures you receive a fully intact and functional unit.

10. Same-Day Shipping and Worldwide Delivery

o Stocked in **New York, USA**, the Toolroom Organizer ships the **same day** to customers in the **USA, Canada, and Mexico**. Additionally, worldwide shipping is available, ensuring businesses globally can benefit from this premium storage solution.

Benefits of the Toolroom Organizer

Comprehensive Storage: Accommodates CNC holders, consumables, and tools in a single unit.

Enhanced Security: Lockable drawers ensure valuable items are stored safely.

Improved Workflow: Peg boards and bottom trays enhance accessibility and organization.

Built for Longevity: Durable materials and a reinforced design ensure the organizer withstands industrial use.

Easy Mobility: Industrial-grade castors allow for effortless movement across the shop floor.

Immediate Usability: Delivered fully assembled and ready to use, saving time and effort.

Ideal for Optimizing Toolroom Efficiency

The Toolroom Organizer is perfect for CNC operators and workshop managers looking for a compact yet robust storage solution. Its design prioritizes tool protection, organization, and security, helping you streamline operations and maintain an efficient workspace.
