

Uratech Steps Model CNC Tool Cart – Compact, Durable, and Affordable

Uratech., a leader in CNC tool storage solutions, introduces the **Steps Model CNC Tool Cart**, a compact and affordable cart designed to meet the needs of modern CNC workshops. This cart is ideal for securely storing up to **28 CNC holders** and offers unmatched durability, mobility, and affordability.

Engineered to accommodate various CNC holder types, including **CAT, BT, HSK, DV, NMTB, ISO, VDI, KM, and Capto holders**, the Steps Model is a perfect addition to workshops looking for efficient and cost-effective storage solutions.

Features and Benefits of the [Steps Model CNC Tool Cart](#)

1. Capacity for 28 CNC Holders

o With the ability to store up to **28 CNC holders**, the Steps Model ensures your tools are organized and accessible. Its universal compatibility with multiple holder types makes it a versatile choice for any CNC setup.

2. Durable Red Nylon Inserts for Tool Protection

o The cart includes **durable red nylon inserts** that securely hold your CNC holders while protecting them from scratches and damage during storage or transport.

3. Built for Strength and Durability

o The Steps Model is engineered to withstand a **weight capacity of up to 1400 lbs**, making it suitable for demanding industrial environments. Its robust construction ensures longevity and reliability.

4. Smooth Mobility with Industrial-Grade Castors

o Equipped with **smooth rolling castors**, this cart glides effortlessly over hard industrial floors. Its mobility simplifies tool transport, improving overall workflow efficiency.

5. Additional Storage Space for Consumables

o A **bottom tray** is included to store consumables and frequently used items, providing added convenience and enhancing organization.

6. Reinforced Design for Rigidity

o For added stability and durability, the cart features a **1/8" x 1.50" L angle reinforcement** on all four sides. This ensures structural integrity even when the cart is fully loaded.

7. Engineered for Industrial Use

o Made from **16-gauge cold-rolled, powder-coated steel**, the Steps Model is resistant to wear and tear, making it ideal for the toughest industrial settings.

8. Quick and Easy Assembly

o The Steps Model is designed for **easy assembly in just six steps**, allowing you to get it up and running quickly with minimal effort.

9. Affordable and Budget-Friendly

o currently available at a **promotional price**, the Steps Model offers exceptional value for its quality and features. It is a cost-effective solution for workshops seeking reliable tool storage without overspending.

10. Same-Day Shipping and Worldwide Availability

o The Steps Model is stored in **New York, USA**, and ships the **same day** to locations in the USA, Canada, and Mexico. With worldwide shipping now available, businesses globally can benefit from this high-quality tool cart.

Why Choose the Steps Model CNC Tool Cart?

Compact Design : Perfect for workshops with limited space while still offering ample storage.

Affordable Pricing : High-quality features at a promotional price make it a cost-effective choice.

Durable and Reliable : Built to last with cold-rolled steel and reinforced design.

Smooth Mobility : Industrial-grade castors ensure easy transport across the shop floor.

Versatile Storage : Compatible with multiple CNC holder types and includes space for consumables.

Effortless Assembly : Assembles in six simple steps, saving time and effort.

Ideal for Streamlining CNC Operations

The Steps Model CNC Tool Cart is designed to meet the practical needs of CNC operators, offering a compact yet robust solution for tool organization and mobility. Its durable construction, protective features, and additional storage space make it an indispensable asset in any workshop.

The Steps Model CNC Tool Cart - Compact Efficiency for Every Workshop

Elevate your CNC operations with the **Steps Model CNC Tool Cart** by Uratech. Its affordable pricing, compact design, and durable construction make it the perfect solution for organizing and transporting your CNC holders and consumables. Optimize your workflow today!
