

Uratech Maxi Scoot CNC Tool Cart – Secure, Durable Storage for CNC Tool Holders and Valuables

Uratech a leader in innovative CNC storage solutions, presents the **Maxi Scoot CNC Tool Cart**, a high-capacity, durable storage cart designed specifically for CNC tool holders and valuable consumables. With lockable storage options, strong construction, and excellent mobility, the Maxi Scoot Tool Cart offers a practical solution for securely organizing and transporting CNC tools within busy workshop environments. Designed to accommodate **up to 40 CNC holders**, this versatile tool cart is compatible with various holder types, including CAT, BT, HSK, DV, NMTB, ISO, VDI, KM, and Capto. The [Maxi Scoot](#) CNC Tool Cart is crafted for strength, security, and mobility, making it ideal for CNC operators looking to streamline operations and implement a 5S organizational approach.

Key Features of the Maxi Scoot CNC Tool Cart

1. Universal Compatibility with CNC Holder Types

The Maxi Scoot CNC Tool Cart supports **up to 40 CNC holders**, compatible with **CAT, BT, HSK, DV, NMTB, ISO, VDI, KM, and Capto holders**. This wide-ranging compatibility ensures that the cart can be used with multiple CNC machines, providing organized, accessible storage for diverse tool types in one place.

2. Built for Heavy-Duty Use - 4000 lbs Weight Capacity

Constructed from **16-gauge cold-rolled, powder-coated steel**, the Maxi Scoot Tool Cart is engineered to withstand the rigors of industrial applications. It features a load-bearing capacity of **up to 4000 lbs**, ensuring reliable support for tools and consumables, even under heavy loads.

3. Lockable Drawers for Secure Storage of Valuables

The Maxi Scoot CNC Tool Cart includes **lockable drawers** to store consumables, valuables, or other essential items safely when not in use. This security feature helps protect high-value items from unauthorized access, adding an extra layer of security for CNC operators in high-traffic areas.

4. Durable Red Nylon Inserts for Tool Protection

Each CNC holder slot on the Maxi Scoot cart is lined with **durable red nylon inserts**. These inserts offer a snug fit for tools, protecting them from scratches and impacts during storage and transport. The added protection keeps your CNC holders in optimal condition, extending their lifespan and preserving their performance.

5. Smooth Rolling Castors for Easy Mobility

Equipped with **smooth-rolling industrial-grade castors**, the Maxi Scoot Tool Cart is easy to move across hard floors, providing seamless mobility within the workspace. These high-quality castors are ideal for industrial environments, allowing operators to transport tools and consumables efficiently from one workstation to another.

6. Bottom Tray for Consumable Storage

The cart's **bottom tray** is designed for additional consumable storage, keeping essential items organized and within easy reach. This tray enhances the cart's versatility by providing extra space for items needed on a day-to-day basis, improving workflow efficiency.

7. Peg Board Options for 5S Implementation

The Maxi Scoot CNC Tool Cart comes with **peg boards on three sides**, offering CNC operators a way to implement 5S organizational principles within their workspace. Made from **0.125" thick material**, the peg boards allow for the attachment of hooks and accessories, creating a customized, accessible tool organization system that promotes efficiency and safety.

8. Enhanced Rigidity with 1/8" x 1.50" L Angle Reinforcements

For increased strength and stability, the cart is reinforced with a **1/8" x 1.50" L angle** on all four sides. This structural enhancement ensures that the cart remains rigid and durable even under substantial loads, adding to its longevity and resilience in demanding industrial environments.

9. Pre-Assembled and Crated for Safe Shipping

Each Maxi Scoot CNC Tool Cart is **assembled and ready for immediate use**. To prevent damage during transit, it is securely **crated on a pallet**, ensuring safe arrival at your location. This attention to detail allows CNC shops to implement the cart quickly without setup delays.

Same-Day Shipping Across North America and Worldwide

Uratech maintains inventory in **New York, USA**, with **same-day shipping** available to locations across the USA, Canada, and Mexico. With a commitment to providing fast, reliable shipping, we ensure that CNC operators have timely access to the storage solutions they need. We also offer **worldwide shipping** for customers around the globe, bringing our innovative CNC tool carts to workshops internationally.

Why Choose the Maxi Scoot CNC Tool Cart by Uratech?

Versatile CNC Holder Compatibility: Supports CAT, BT, HSK, DV, NMTB, ISO, VDI, KM, and Capto holders, holding up to 40 holders.

Heavy-Duty Design: Constructed from 16-gauge cold-rolled, powder-coated steel, supporting up to 4000 lbs.

Secure Storage Options : Lockable drawers protect valuables and consumables when not in use.

Protective Nylon Inserts : Red nylon inserts safeguard CNC holders from scratches and impacts.

Industrial-Grade Mobility : Smooth-rolling castors for easy movement on hard industrial floors.

Bottom Tray Storage : Additional storage space for consumables and frequently used items.

Peg Boards for 5S : Peg board options on three sides to promote organized, efficient tool access.

Reinforced Design for Stability : 1/8" x 1.50" L angle reinforcement for added rigidity and strength.

Ready to Use, Securely Shipped : Fully assembled and crated for safe shipping.

The Maxi Scoot CNC Tool Cart is perfect for CNC operators who need a reliable, high-capacity tool storage solution that supports tool organization and provides secure storage for consumables. By combining strength, mobility, and user-friendly features, the Maxi Scoot Cart is engineered to enhance workflow and meet the demands of fast-paced CNC environments.

Order Your Maxi Scoot CNC Tool Cart Today - Contact Uratech.

Are you ready to improve tool organization, security, and efficiency in your CNC workspace? The Maxi Scoot CNC Tool Cart by Uratech. is here to help you achieve these goals. For more information or to place an order, contact our knowledgeable customer service team at **1-800-813-0537** or email us at info@cnctoolstoragesolutions.com . Our representatives are available to assist you with any questions and ensure you get the ideal storage solution for your CNC operations.

Enhance Your CNC Operations with the Maxi Scoot CNC Tool Cart by Uratech.

The Maxi Scoot CNC Tool Cart offers a comprehensive solution for CNC storage, combining durable construction, secure storage, and practical features like peg boards for 5S organization. With its versatile compatibility and robust design, the Maxi Scoot Cart is an invaluable addition to CNC workshops and facilities looking to improve workflow and maintain tool security. Contact Uratech today and experience the efficiency and convenience of the Maxi Scoot CNC Tool Cart in your operations.

Fast & Reliable Shipping Across North America & Worldwide

At Uratech, we understand the importance of prompt and reliable delivery. We offer **same-day shipping** to customers in the **USA, Canada, and Mexico** , ensuring that your business operations remain uninterrupted.

Additionally, we provide **worldwide shipping** , allowing industries across the globe to benefit from our high-quality storage solutions.

Stocked in New York, USA and Ontario, Canada for Immediate Availability:

Our warehouse in **New York, USA and Ontario, Canada** maintains an extensive inventory of [CNC](#) tool storage products. This ensures that our customers receive their orders quickly, reducing downtime and improving productivity.

Orders from USA and Mexico will be shipped and invoiced from Uratech USA Inc, 4947 Lockport road, #3, Lockport, New York, USA 14094
Orders from Canada and the rest of the world will be shipped from Uratech Tooling Technologies Inc, 142 Foamflower place, #21, Waterloo, Ontario, Canada N2V 0J1
