

Uratech Shelf Model CNC Tool Cart – A High-Capacity Storage Solution for CNC Holders

For CNC workshops in need of an organized, secure, and highly durable storage solution, Uratech offers the **Shelf Model CNC Tool Cart**. Built to hold up to **105 CNC holders** of various types, this cart combines exceptional load capacity, ease of mobility, and rugged construction. Specifically designed for industrial applications, the Shelf Model CNC Tool Cart ensures that your CNC tools and consumables are always accessible, secure, and organized.

This tool cart is compatible with **all major CNC holders**, including CAT, BT, HSK, DV, NMTB, ISO, VDI, KM, and Capto holders, making it versatile for diverse CNC setups. Engineered from high-quality materials with thoughtful design features, the Shelf Model is an essential asset for maximizing workspace efficiency in CNC operations.

Key Features of the Shelf Model CNC Tool Cart

1. Universal Compatibility with CNC Holder Types

o The Shelf Model CNC Tool Cart accommodates up to **105 CNC holders**, making it ideal for busy workshops requiring a high-volume storage solution. Compatible with **CAT, BT, HSK, DV, NMTB, ISO, VDI, KM, and Capto holders**, this cart ensures that every tool has a designated, secure spot, making it easier to keep track of tools and access them quickly.

2. Heavy-Duty Construction with 4000 lbs Load Capacity

o Built with **16-gauge cold-rolled, powder-coated steel**, the Shelf Model CNC Tool Cart is engineered to handle a weight capacity of **up to 4000 lbs**. This solid construction ensures that even under heavy loads, the cart remains stable and provides reliable support, making it ideal for high-capacity applications.

3. Protective Red Nylon Inserts

o Each holder slot in the Shelf Model is lined with **durable red nylon inserts** that prevent tools from sliding or getting scratched during storage and transport. These inserts protect CNC holders from impact and keep them in optimal condition, enhancing the longevity of your tools and maintaining their performance quality.

4. Smooth Mobility with Industrial-Grade Castors

o Equipped with **smooth-rolling castors**, the Shelf Model CNC Tool Cart easily navigates hard industrial floors, enabling efficient transport between workstations. These high-quality castors are designed for industrial applications, offering mobility and convenience without compromising stability, even when the cart is fully loaded.

5. Enhanced Strength with 1/8" x 1.50" L Angle Reinforcement

o For added strength and rigidity, the Shelf Model is reinforced with a **1/8" x 1.50" L angle** on all four sides. This reinforcement provides additional structural integrity, allowing the cart to withstand industrial wear and tear while supporting heavy loads securely.

6. Top and Bottom Trays for Consumable Storage

o In addition to CNC holders, the Shelf Model includes both a **top and bottom tray** designed to store consumables, making it a versatile storage solution. These trays keep all essential items accessible and organized, further enhancing the cart's functionality and optimizing workflow on the shop floor.

7. Quick and Easy Assembly

o Designed with convenience in mind, the Shelf Model CNC Tool Cart can be **assembled in just six steps**. Its straightforward assembly process saves time and allows operators to set up the cart with ease, quickly getting it ready for everyday use.

8. Ready-to-Use, Securely Shipped to Prevent Damage

o To ensure your cart arrives safely, each Shelf Model CNC Tool Cart is shipped **securely crated on a pallet**. This secure packing minimizes the risk of damage during transit, ensuring that the cart arrives in excellent condition, ready for immediate use.

Why Choose the Shelf Model CNC Tool Cart by Uratech?

Versatile Storage for All Major CNC Holders: Supports CAT, BT, HSK, DV, NMTB, ISO, VDI, KM, and Capto holders, with capacity for up to 105 holders.

Heavy-Duty Build: Constructed from 16-gauge, cold-rolled, powder-coated steel with a 4000 lbs weight capacity.

Protective Nylon Inserts: Red nylon inserts keep holders safe from scratches and damage.

Industrial-Grade Mobility: Smooth-rolling castors designed for hard industrial floors.

Enhanced Strength with L Angle Reinforcement: 1/8" x 1.50" L angle provides additional rigidity.

Storage Trays for Consumables: Top and bottom trays provide extra storage for frequently used items.

Easy to Assemble: Six-step assembly for convenient setup.

Secure Shipping: Each unit is crated on a pallet for safe transit.

The Shelf Model CNC Tool Cart is perfect for workshops and CNC facilities needing a high-capacity, robust tool storage solution that combines functionality with mobility. With its heavy-duty construction, secure storage features, and user-friendly design, the Shelf Model Cart supports CNC operations and enhances workplace efficiency.

Order Your [Shelf Model CNC Tool Cart](#) Today - Contact Uratech

Ready to take your CNC storage to the next level? The Shelf Model CNC Tool Cart from Uratech is designed to meet the demands of busy workshops and ensure that tools are organized, secure, and easily accessible. For more information or to place an order, contact us at **1-800-813-0537** or email us at info@cnctoolstoragesolutions.com. Our team is here to help you find the best storage solution for your needs.

Upgrade Your CNC Storage with the Shelf Model CNC Tool Cart by Uratech

Engineered for strength, durability, and ease of use, the Shelf Model CNC Tool Cart offers a comprehensive solution for organizing and transporting CNC holders and consumables. Whether you're managing a high-capacity workshop or a specialized CNC facility, this cart provides the quality and reliability needed to support your operations. Contact us today and discover how the Shelf Model CNC Tool Cart can enhance your CNC workspace.

Fast & Reliable Shipping Across North America & Worldwide

At Uratech, we understand the importance of prompt and reliable delivery. We offer **same-day shipping** to customers in the **USA, Canada, and Mexico**, ensuring that your business operations remain uninterrupted.

Additionally, we provide **worldwide shipping**, allowing industries across the globe to benefit from our high-quality storage solutions.

Stocked in New York, USA and Ontario, Canada for Immediate Availability :

Our warehouse in **New York, USA and Ontario, Canada** maintains an extensive inventory of [CNC](#) tool storage products. This ensures that our customers receive their orders quickly, reducing downtime and improving productivity.

Orders from USA and Mexico will be shipped and invoiced from Uratech USA Inc, 4947 Lockport road, #3, Lockport, New York , USA 14094
Orders from Canada and the rest of the world will be shipped from Uratech Tooling Technologies Inc, 142 Foamflower place, #21, Waterloo, Ontario, Canada N2V 0J1
