

## Uratech Presents the CNC Mill Scoot Tool Cart – The Ultimate CNC Tool Storage Solution for Your Workshop

In the world of CNC machining, having a reliable and versatile tool storage solution is essential for smooth, efficient operations. Uratech, a leader in CNC tool storage, proudly introduces the **CNC Mill Scoot Tool Cart**, a robust, high-capacity CNC tool cart designed to store CNC tool holders securely and provide lockable storage for consumables. With its ability to hold all major types of CNC holders, the CNC Mill Scoot is built to withstand industrial demands, ensuring that your tools are always organized, protected, and ready for use.

Engineered with premium materials and practical design elements, the CNC Mill Scoot Tool Cart combines durability, mobility, and security to meet the demands of busy workshops. Here's a closer look at what makes the CNC Mill Scoot an essential addition to your CNC operations.

### CNC Mill Scoot Tool Cart: Key Features and Advantages

#### 1. Universal Compatibility for All Major CNC Tool Holders

o The CNC Mill Scoot Tool Cart supports all major types of CNC holders, including **CAT, BT, HSK, DV, NMTB, ISO, VDI, KM, and Capto holders**. This wide compatibility ensures that your CNC holders have a secure and organized space, regardless of their type, making the CNC Mill Scoot a versatile and convenient storage solution for diverse setups.

#### 2. Heavy-Duty Construction - Supports Up to 4000 lbs

o Built from **16-gauge cold-rolled, powder-coated steel**, the CNC Mill Scoot is engineered to handle heavy-duty applications, with a load-bearing capacity of up to **4000 lbs**. This strength allows it to securely hold a wide array of tools, providing stability and safety even under substantial weight.

#### 3. Secure Storage with Lockable Compartments for Consumables

o In addition to storing CNC holders, the CNC Mill Scoot Tool Cart is equipped with **lockable compartments** for consumables, keeping these items safe when not in use. This added security feature is ideal for high-value consumables, ensuring that they are both protected and easily accessible when needed.

#### 4. Protective Red Nylon Inserts for Tool Holder Security

o Each CNC tool holder slot in the Mill Scoot Tool Cart features **durable red nylon inserts** designed to provide a snug fit and protect your tools from impact and scratches. This thoughtful design keeps your tools secure during storage and transport, preserving the quality and lifespan of your equipment.

#### 5. Smooth Mobility with Industrial-Grade Castors

o The [CNC Mill Scoot](#) is fitted with **smooth-rolling castors** specifically designed for hard industrial floors. These high-quality castors allow for easy movement between workstations, enabling operators to efficiently transport their tools across the shop floor. The cart's mobility makes it an ideal choice for workshops with dynamic setups.

#### 6. Ergonomic Anodized Aluminum Handle and Additional Trays

o For ease of handling, the cart is designed with an **anodized aluminum handle** that offers a comfortable, non-slip grip, making it easy to maneuver even when loaded. The CNC Mill Scoot also includes a **small tray in the front** for frequently used items and a **bottom tray** for additional consumables, keeping all essentials organized and within reach.

#### 7. Ready-to-Use Assembly and Secure Shipping

o To minimize setup time, each CNC Mill Scoot Tool Cart comes **fully assembled** and is shipped securely **crated on a pallet** to prevent damage during transit. This careful packing ensures that your cart arrives ready for immediate use, saving time and reducing the risk of damage.

### Why Choose the CNC Mill Scoot Tool Cart by Uratech?

**Versatile CNC Holder Compatibility:** Supports CAT, BT, HSK, DV, NMTB, ISO, VDI, KM, and Capto holders.

**Heavy-Duty Design:** Built with 16-gauge, cold-rolled steel to support up to 4000 lbs.

**Secure Storage for Consumables:** Lockable compartments keep valuable consumables safe when not in use.

**Red Nylon Inserts:** Protects CNC holders from scratches and impacts.

**Industrial Castors:** Designed for smooth movement on hard floors, even when fully loaded.

**Ergonomic Handle and Storage Trays:** Anodized aluminum handle with front and bottom trays for organized storage.

**Fully Assembled and Securely Shipped:** Ready to use upon delivery, with secure crating for protection during transit.

The CNC Mill Scoot Tool Cart is ideal for CNC operators and machinists who need a reliable, secure, and mobile tool storage solution. Whether you're managing a large workshop or a specialized CNC facility, the Mill Scoot Tool Cart is designed to support your tools, optimize workflow, and enhance productivity.

### Maximize Security and Efficiency with the CNC Mill Scoot Tool Cart by Uratech.

With its secure storage, versatile compatibility, and durable construction, the CNC Mill Scoot Tool Cart is engineered to meet the demands of industrial environments. Keep your tools protected, organized, and accessible with this high-quality CNC tool storage solution. Contact Uratech today and experience the difference in your CNC operations.

## Fast & Reliable Shipping Across North America & Worldwide

At Uratech, we understand the importance of prompt and reliable delivery. We offer **same-day shipping** to customers in the **USA, Canada, and Mexico**, ensuring that your business operations remain uninterrupted.

Additionally, we provide **worldwide shipping**, allowing industries across the globe to benefit from our high-quality storage solutions.

### Stocked in New York, USA and Ontario, Canada for Immediate Availability :

Our warehouse in **New York, USA and Ontario, Canada** maintains an extensive inventory of **CNC** tool storage products. This ensures that our customers receive their orders quickly, reducing downtime and improving productivity.

**Orders from USA and Mexico will be shipped and invoiced from Uratech USA Inc, 4947 Lockport road, #3, Lockport, New York , USA 14094**

**Orders from Canada and the rest of the world will be shipped from Uratech Tooling Technologies Inc, 142 Foamflower place, #21, Waterloo, Ontario, Canada N2V 0J1**
