

Introducing the Tri Scoot by Uratech – High-Capacity CNC Tool Cart for Ultimate Efficiency

For machine shops and industrial facilities, having a reliable and spacious tool cart is essential for smooth operations. Uratech, a leader in CNC tool storage solutions, presents the **Tri Scoot**, a heavy-duty CNC tool cart with the capacity to hold up to **105 tool holders**. Designed for all major types of CNC holders, including CAT, BT, HSK, DV, NMTB, ISO, VDI, KM, and Capto, the Tri Scoot combines robust construction with thoughtful design, ensuring that your tools are well-protected, organized, and always within easy reach.

Built to withstand the demanding requirements of modern workshops, the [Tri Scoot](#) boasts impressive strength and mobility, with smooth-rolling castors and durable red nylon inserts to keep your tools secure. With a user-friendly assembly process and premium materials, this CNC tool cart is engineered to support your workflow and enhance productivity.

Tri Scoot CNC Tool Cart: Key Features and Benefits

1. Impressive Capacity - Holds 105 CNC Tool Holders

o With the ability to store 105 holders, the Tri Scoot offers ample space for CNC operators managing a diverse set of tools. This cart is compatible with all major types of CNC holders, including CAT, BT, HSK, DV, NMTB, ISO, VDI, KM, and Capto, ensuring a versatile solution for every workshop.

2. Superior Construction - Cold-Rolled, Powder-Coated Steel

o Constructed from **16-gauge cold-rolled steel**, the Tri Scoot is built to withstand the wear and tear of industrial environments. Its powder-coated finish provides added protection against rust, scratches, and other wear, making it a durable addition to your workspace.

3. Heavy-Duty Load Capacity - Withstands Up to 4000 lbs

o Engineered to support up to **4000 lbs**, the Tri Scoot is ideal for heavy-duty applications, providing the strength and stability needed to handle a large number of tools. Its robust design ensures safe storage and transport of valuable CNC tools.

4. Enhanced Mobility with Industrial-Grade Castors

o Equipped with **smooth-rolling castors**, the Tri Scoot glides easily over hard industrial floors, enabling fast and efficient movement between workstations. These high-quality castors are designed to handle rough surfaces, providing smooth transport for fully loaded carts.

5. Protective Red Nylon Inserts

o Each Tri Scoot tool holder slot is fitted with **durable red nylon inserts** that provide a snug fit and protect tool holders from scratches and impacts. These inserts are designed to extend the life of your tools, keeping them secure during storage and transport.

6. Convenient Anodized Aluminum Handle

o The Tri Scoot's handle, crafted from anodized aluminum, offers a comfortable and durable grip for easy maneuvering. The anodized finish enhances the handle's resistance to wear, while its ergonomic design simplifies handling even when the cart is fully loaded.

7. Additional Storage with Front and Bottom Trays

o Designed with practicality in mind, the Tri Scoot features a **front tray** for smaller tools or frequently accessed items and a **bottom tray** for consumables and other essentials. These trays keep your workspace organized and ensure that everything you need is within reach.

8. Quick Assembly in Six Simple Steps

o With just **six easy steps**, you can assemble the Tri Scoot and have it ready for use in minutes. The straightforward setup process means less time assembling and more time putting your tool cart to work.

Why Choose the Tri Scoot CNC Tool Cart by Uratech?

High-Capacity Design: Securely stores up to 105 tool holders.

Durable Steel Construction: Built from 16-gauge cold-rolled steel with a powder-coated finish.

Universal Compatibility: Supports CAT, BT, HSK, DV, NMTB, ISO, VDI, KM, and Capto holders.

Red Nylon Inserts: Protects tools during storage and transport.

Smooth Rolling Castors: Industrial-grade castors for easy movement on hard floors.

Ergonomic Handle and Added Trays: Anodized aluminum handle and front/bottom trays for extra storage.

Easy Assembly: Assembles quickly in six steps.

Rapid Shipping: Same-day dispatch across North America and worldwide availability.

The Tri Scoot is an exceptional investment for any CNC workshop, providing durability, versatility, and efficiency in one compact package. From large-scale machine shops to specialized manufacturing facilities, the Tri Scoot CNC tool cart is designed to support your operations with minimal downtime.

Invest in Reliability and Convenience with the Tri Scoot by Uratech.

The Tri Scoot is engineered to keep your tools organized and protected, enabling faster workflow and greater productivity. Invest in a CNC tool storage solution that's built for efficiency, durability, and ease of use. Contact Uratech today and discover how the Tri Scoot CNC tool cart can transform your workshop.

Fast & Reliable Shipping Across North America & Worldwide

At Uratech, we understand the importance of prompt and reliable delivery. We offer **same-day shipping** to customers in the **USA, Canada, and Mexico**, ensuring that your business operations remain uninterrupted.

Additionally, we provide **worldwide shipping**, allowing industries across the globe to benefit from our high-quality storage solutions.

Stocked in New York, USA and Ontario, Canada for Immediate Availability :

Our warehouse in **New York, USA and Ontario, Canada** maintains an extensive inventory of [CNC](#) tool storage products. This ensures that our customers receive their orders quickly, reducing downtime and improving productivity.

Orders from USA and Mexico will be shipped and invoiced from Uratech USA Inc, 4947 Lockport road, #3, Lockport, New York , USA 14094
Orders from Canada and the rest of the world will be shipped from Uratech Tooling Technologies Inc, 142 Foamflower place, #21, Waterloo, Ontario, Canada N2V 0J1
