

Uratech HSK125A Tool Storage Systems

Uratech designs and manufactures heavy-duty CNC tool storage solutions tailored for large-format holders like HSK125A. Every product is built for industrial environments where durability and organization matter.

Key Features

Heavy-Duty Cold-Rolled Steel Construction

Built to handle the weight of HSK125A holders without flexing or instability.

Powder-Coated Finish

Industrial-grade coating resists oil, coolant, rust, and shop wear . ensuring long service life.

Precision Nylon Inserts

Each pocket includes red high-strength nylon inserts to:

- Protect precision tapers
- Prevent metal-to-metal contact
- Reduce vibration and movement
- Extend tool holder life

Optimized Holder Spacing

Designed specifically for the larger diameter and flange size of HSK125A holders.

Available [HSK125A](#) Storage Options

Uratech offers multiple configurations to match your shop layout and workflow:

1. CNC Tool Carts for HSK125A

- Mobile and shop-floor ready
- Lockable caster wheels
- High-capacity design
- Ideal for moving tools between machines

2. CNC Tool Towers

- Vertical storage footprint
- Space-saving design
- High-density holder capacity
- Perfect for centralized tool management

3. Wall-Mounted Storage Racks

- Maximize unused wall space
- Organized and easy access
- Clean and efficient setup

Benefits for Your Machine Shop

Choosing Uratech HSK125A CNC tool storage systems means:

? Increased shop organization

? Reduced tool damage

? Improved workflow efficiency

? Faster tool change preparation

? Professional and clean shop appearance

For high-value holders like HSK125A, proper storage directly reduces long-term tooling costs.

Designed for Industrial Performance

Uratech CNC tool storage products are engineered for compatibility with major spindle systems using HSK125A interfaces. Whether your shop handles aerospace, heavy mold work, or large component machining, Uratech storage solutions provide reliability you can trust.

Why Choose Uratech?

- Manufacturer specializing in CNC tool storage systems
- Designed for CAT, BT, HSK, ISO, CAPTO, VDI, KM, and more
- Heavy-duty industrial construction
- Precision protection with nylon inserts
- Trusted by machine shops worldwide

When your tooling investment is significant, your storage system should match the same level of precision and strength.

Upgrade Your HSK125A Tool Organization Today

If your shop uses HSK125A holders, it's time to upgrade to a storage system built specifically for them. Uratech delivers durability, protection, and efficiency . all in one heavy-duty solution.
