

Uratech Square Shank Organizer – CNC Drill Organizer for Industrial Drill Cabinet

The cnc drill organizer from uratech is a high-performance Square shank organizer engineered for modern machining environments. Designed to handle both square and round tooling, this hybrid drill bit organizer tray is ideal for CNC shops, tool rooms, and production floors looking to streamline operations and improve efficiency.

Built from durable 16-gauge cold-rolled steel, this organizer provides a compact yet powerful solution for storing up to 39 tools, including square shank lathe tools and drill bits ranging from 3/8. to 1.. Its adjustable height and structured slot system make it a versatile addition to any industrial drill cabinet or workstation.

Whether you're organizing tooling alongside a drill cabinet or pairing it with a [drill gauges](#) , this system enhances visibility, accessibility, and workflow efficiency.

Key Construction Features Include

Heavy-Duty Steel Build

Made from 16-gauge cold-rolled steel for long-term durability and resistance to shop wear

Hybrid Storage Design

Combines square slots (10mm-25mm) and round holes (3/8.-1.) for multi-tool compatibility

High Capacity Layout

Stores up to 39 tools in a compact footprint, ideal for CNC setups

Adjustable Height Configuration

Two height options (4.0. and 2.35.) accommodate different tool lengths

Compact Footprint Design

Efficient 4.75. x 16. size fits easily into benches, carts, or industrial drill cabinet systems

BENEFITS

Improved CNC Workflow

This cnc drill organizer ensures tools are always within reach, reducing downtime and setup time.

Multi-Tool Organization

Eliminates the need for separate racks by combining lathe and drill storage into one drill organizer.

Enhanced Tool Protection

Predefined slots prevent tool damage, misplacement, and clutter.

Supports Lean & 5S Systems

Perfect for structured environments using metric drill gauge systems and organized drill cabinet layouts.

Space Optimization

Maximizes storage density while maintaining accessibility.ideal for compact CNC workstations.

Why Choose Uratech for CNC Tool Storage?

Uratech has built a reputation for producing reliable and innovative CNC tool storage systems designed specifically for the machining industry. Their storage solutions are trusted by manufacturers across North America for their durability, functionality, and professional design.

Conclusion

The uratech Square shank organizer is more than just a storage rack.it's a productivity tool for modern machining environments. With its hybrid design, durable construction, and compact footprint, it serves as a critical component in any [CNC](#) tooling setup, whether used as a standalone drill organizer or integrated into a larger industrial drill cabinet system.

For shops aiming to improve efficiency, reduce clutter, and standardize tooling processes, this drill bit organizer tray delivers reliable, long-term value.

Fast & Reliable Shipping Across North America & Worldwide

At Uratech, we understand the importance of prompt and reliable delivery. We offer same-day shipping to customers in the USA, Canada, and Mexico, ensuring that your business operations remain uninterrupted.

Additionally, we provide worldwide shipping, allowing industries across the globe to benefit from our high-quality storage solutions.

Stocked in New York, USA and Ontario, Canada for Immediate Availability :

Our warehouse in New York, USA and Ontario, Canada maintains an extensive inventory of tool storage products. This ensures that our customers receive their orders quickly, reducing downtime and improving productivity.

Orders from USA and Mexico will be shipped and invoiced from Uratech USA Inc, 4947 Lockport road, #3, Lockport, New York , USA 14094

Orders from Canada and the rest of the world will be shipped from Uratech Tooling Technologies Inc, 142 Foamflower place, #21, Waterloo, Ontario, Canada N2V 0J1

About the Author

Uratech specializes in the design and manufacturing of CNC tool storage products and operates in two countries: in USA as Uratech USA Inc and in the Canada as Uratech Tooling Technologies Inc., We offer high-quality solutions to meet the needs of modern machine shops. Uratech is sincerely committed to providing customers with leading-edge technology.

Our primary objective is to meet or exceed customer expectations. We achieve this through efficient performance, quality workmanship, professionalism, competitive pricing, and on-time delivery. Above all, we emphasize the quality of work we deliver to fully satisfy our customers' needs. Products are stocked in New York, USA, and Ontario, Canada.

Orders from U.S. and Mexico customers are shipped from Uratech USA Inc., New York.

Orders from Canada and all other countries are shipped from Uratech Tooling Technologies Inc., Ontario.
