

Uratech Gun Drill Cart for CNC Tool Storage and Industrial Drill Organization

Keep your machining environment clean, organized, and efficient with the Uratech Gun Drill Cart, a premium storage solution designed for safely storing and transporting long gun drills and precision tooling. Built for CNC machining centers, aerospace manufacturing, automotive industries, and heavy-duty industrial workshops, this gun drill cart offers exceptional durability, mobility, and workspace organization.

Manufactured using high-quality industrial steel, the Uratech Gun Drill Cart is engineered to withstand demanding shop floor conditions while protecting valuable drilling tools from damage. Its vertical storage layout allows operators to organize gun drills neatly and securely, reducing the risk of bending, chipping, or unnecessary wear caused by improper storage.

This heavy-duty mobile drill cart is designed to improve productivity by providing quick and convenient access to tools during machining operations. The organized tray system helps users easily identify and retrieve drills, minimizing downtime and improving workflow efficiency in fast-paced production environments.

Equipped with smooth-rolling industrial casters, the cart can be moved effortlessly between workstations while maintaining excellent stability. Locking wheels provide additional safety by keeping the cart securely positioned during use. The ergonomic handle design enhances maneuverability, making transportation simple and efficient across the facility.

The durable powder-coated finish adds long-lasting resistance against corrosion, scratches, oil, and harsh industrial conditions. Its compact footprint helps maximize valuable floor space while still offering high-capacity storage for multiple drill sizes and tooling accessories.

Whether used in CNC machining operations, deep hole drilling applications, or industrial manufacturing facilities, the [large drill bit organizer](#) delivers reliable performance and professional-grade tool management solutions.

Key Features OF Gun drill cart:

- . Heavy-duty steel construction for industrial durability
- . Designed specifically for storing gun drills and long tooling
- . Vertical storage system for better tool protection
- . Smooth mobility with industrial-grade caster wheels
- . Locking wheels for added safety and stability
- . Powder-coated finish for corrosion resistance
- . Space-saving design for organized shop floors
- . Easy-access layout for faster tool retrieval
- . Ergonomic handle for convenient movement
- . Ideal for CNC machining and manufacturing facilities

Benefits:

- . Improves workplace organization and efficiency
- . Protects expensive drills from damage and wear
- . Reduces setup time and operator downtime
- . Enhances productivity in machining operations
- . Maximizes storage capacity while saving floor space
- . Supports safer and cleaner industrial environments
- . Provides long-lasting performance in demanding applications

The Uratech Gun Drill Cart is the perfect storage and transportation solution for machine shops looking to improve tool organization, protect precision drilling equipment, and optimize daily manufacturing operations with a durable and efficient industrial storage system.

Fast & Reliable Shipping Across North America & Worldwide

At Uratech, we ensure quick and reliable delivery to support uninterrupted machining operations. We offer same-day shipping across the USA, Canada, and Mexico, along with worldwide delivery for global customers.

Our products are stocked in New York, USA and Ontario, Canada, allowing faster order processing and reduced downtime for machine shops.

Warehouse Locations

USA: Uratech USA Inc, Lockport, New York

Canada: Uratech Tooling Technologies Inc, Waterloo, Ontario

About the Author

Uratech specializes in the design and manufacturing of CNC tool storage products and operates in two countries: in USA as Uratech USA Inc and in the Canada as Uratech Tooling Technologies Inc., We offer high-quality solutions to meet the needs of modern machine shops. Uratech is sincerely committed to providing customers with leading-edge technology.

Our primary objective is to meet or exceed customer expectations. We achieve this through efficient performance, quality workmanship, professionalism, competitive pricing, and on-time delivery. Above all, we emphasize the quality of work we deliver to fully satisfy our customers' needs. Products are stocked in New York, USA, and Ontario, Canada.

Orders from U.S. and Mexico customers are shipped from Uratech USA Inc., New York.

Orders from Canada and all other countries are shipped from Uratech Tooling Technologies Inc., Ontario.
